

# ATOM LEARNING

## Science Specialist (Initial Short Term Contract)

Atom Learning, one of the UK's fastest growing education technology startups, is hiring for a Science Specialist.

Atom Learning is an online learning platform that is making education fairer. We want to provide all children whatever their background and wherever they are in the world with an affordable, high-quality education. To achieve our goal, we are combining exceptional teacher-made content with machine learning to keep students on their optimal learning paths.

Atom Learning is growing rapidly with hundreds of schools in the UK and abroad using the platform and thousands of independent subscribers. We have partnered with one of the largest global publishing houses with distribution into thousands of schools in the UK and abroad; we are in talks with national governments to develop their digital learning strategies; and we're just getting started!

We are ranked one of the UK's top 100 startups by Startups100, are a finalist for the AI Award in the Lloyds Bank Business Awards, won the Best AI-based Solution for Education in the AI Breakthrough Awards, were a finalist in the Education Investor awards 2018 and Amazon Growing Business Awards 2018 as Young Company of the Year.

We are a growing team of 40 with offices in Soho (currently working remotely); we have big ambitions and anticipate being a team of at least 70 in a year's time.

The role:

Atom Learning is looking for a science specialist to join the team for an initial three month period. There may be an opportunity to extend the role, for the right candidate.

You will be an integral member of our curriculum team working on a new and exciting project. You will create exceptional content for Atom Learning's Key Stage 2 Science curriculum.

### Responsibilities:

- Mapping out Atom Learning's Science Curriculum;
- Transforming curriculum guides into exceptional quality Science content;
- Writing curriculum questions following an outlined specification;
- Writing curriculum explanations following an outlined specification; and
- Editing and revising curriculum content based upon feedback.

### Ideal Candidate:

- Teaching or tuition experience, particularly within the science subjects;
- Extreme attention to detail and excellent written English;
- A love of education and an interest in pedagogy; and
- Primary classroom experience would be a significant bonus.

### What we offer:

- Competitive pay;
- Frequent team dinners and drinks;
- The opportunity to become an integral member of a fast growing technology company; and
- The opportunity to extend the role, for the right candidate.

Please email [violetta@atomlearning.co.uk](mailto:violetta@atomlearning.co.uk) with a CV and short cover letter in the body of the email. Please use 'Science Specialist: your name' as the heading.
