

# ATOM LEARNING

## Full-time Online Teacher

Atom Learning, one of the UK's fastest growing education technology startups, is hiring for full-time online teachers.

Atom Learning is an online learning platform that is making education fairer. We want to provide all children whatever their background and wherever they are in the world with an affordable, high-quality education. To achieve our goal, we are combining exceptional teachers and teacher-made content with sophisticated technology to keep students on their optimal learning paths.

Atom Learning is growing rapidly with hundreds of schools in the UK and abroad using the platform and thousands of independent subscribers. We have partnered with one of the largest global publishing houses with distribution into thousands of schools in the UK and abroad; we are in talks with national governments to develop their digital learning strategies; and we're just getting started!

We are ranked one of the UK's top 100 startups by Startups100, are a finalist for the AI Award in the Lloyds Bank Business Awards, won the Best AI-based Solution for Education in the AI Breakthrough Awards, were a finalist in the Education Investor awards 2018 and Amazon Growing Business Awards 2018 as Young Company of the Year.

We are a growing team of 35 with offices in Soho; we have big ambitions and anticipate being a team of at least 70 in a year's time.

The role:

Atom Learning is looking for full-time online teachers to join the team at our offices in Soho. You will prepare and deliver weekly live lessons to thousands of primary school age students. Lessons will cover the KS2 syllabus and will be delivered via video conferencing software in a lecture style.

The full-time role not only consists of teaching the lessons but also focusing on developing high quality and engaging teaching resources that provide the framework for each lesson. Over time you will develop your own unique teaching style that your students will look forward to.

### Responsibilities:

- Prepare high quality teaching materials in anticipation of each lesson;
- Deliver weekly lessons covering the KS2 syllabus via video conferencing software; and
- Respond to student queries as and when required.

### Ideal Candidate:

- Teaching experience or significant tuition experience;
- Knowledge of KS2 curricula; and
- A love of education and an interest in pedagogy.

### What we offer:

- 28 days holiday + bank holidays;
- Competitive pay;
- Full auto-enrolment workplace pension;
- The opportunity to become an integral member of a fast growing technology company;
- Frequent team dinners and drinks;
- An office on Dean Street, Soho.

Please email [jake@atomlearning.co.uk](mailto:jake@atomlearning.co.uk) with a CV and short cover letter in the body of the email. Please use 'Online Teacher: your name' as the heading.
